

EDUCATION DEVELOPMENT TANZANIA

Panda Initiatives

Is a locally registered non-governmental, non-partisan community-based organization. It is a youth lead organization which was founded in response to support the alarming deficiencies of sustainable development goals in Tanzania. It focuses on sustainable economic development projects at the local level to empower communities to improve their lives infinitely.

Kivule Integrated Child Health and Education Programme (KICHEP).

KICHEP is an integrated child development programme that targets poor and marginalized children from zero to six years and their mothers. The

aim of the programme is to promote the health and nutrition of women and young children in Kivule and increase access to quality pre-school education to ensure that all children have the opportunity to reach their full potential. The objective of the programme includes among other things advocating for children's rights, mobilizing community members to participate in early childhood development through village door-to-door campaigns, providing information to mothers and parents in health and early childhood development (ECD), mobilizing resources and building networks to strengthen support of the programme. Currently the program runs Panda Early Childhood Development Center located at Magole in Kivule ward. Structured activities and nurturing, thinking this will give better results. In daycare it is part of the nurturing to stimulate children's thinking

EDUCATION DEVELOPMENT TANZANIA

and exploration of the world through playful activities.

Specific Objectives

In support of our Vision and Mission, PANDA Initiatives has the following strategic objectives:-

- To promote the Health, Nutrition and increase access to quality, affordable early childhood education to poor and marginalized children in rural regions of Tanzania.
- Provide children, youth and women with a safe and empowering environment to increase their knowledge and understanding of issues related to health, access to legal protection and household economic strengthening.
- Improve the capacity of formal and informal institutions to challenge the negative attitudes and restrictive gender roles in the community and be more responsive to youth and women's (and other marginalized groups) priorities and accountable to upholding their rights.

- To raise awareness, knowledge and life skills by providing training, seminars, workshops on livelihood, sexual and reproductive health, HIV/AIDS awareness, nutrition programs, mental and physical wellbeing of youth and women.

Focus Area

In support of our Vision and Mission, PANDA Initiatives has the following strategic focus areas.

- Children and women rights.
- Early childhood development.
- Youth and Women socio-economic empowerment.
- Life skills and livelihood education.
- Health service (Sexual and reproductive health, HIV/AIDS and GBV prevention and mitigation).
